RWI

- Synthetic way of teaching phonics.
- Uses images to support children to learn to read fluently and quickly.
- Like all phonics schemes, it teaches children the sounds in English, the letters that represent them, and how to form the letters when writing.

Reading stories, poems and rhymes

- Focus stories and Nursery rhymes
- The main focus in nursery classrooms should be **reading stories and rhymes to children** and **developing their language**.
- We should spend **three times as much time reading stories to children** as we spend teaching phonics.
- Forced alternatives
- Providing children with language with similar but slightly different shades of meaning (synonyms)

Role play stories

- Fred can *only* say the sounds in a word and needs your child to help him read the word. Fred will say the sounds and children will work out the word. For example, Fred will say the sounds **c-a-t**, and children will say the word *cat*. This is Fred Talk: sounding out the word.
