Headteacher: Mr J Cooper, **Deputy Head:** Mrs L Goodison, **Assistant Head:** Mrs D Whiteley

Dear Parents and Carers,

I am writing to inform you that essential building work will begin on our school site next week.

The project in the EYFS playground is expected to last 3–4 weeks, depending on weather conditions. While we are excited about the improvements this work will bring, it will cause some temporary disruption to access and routines across the school.

Access Changes During the Building Work

To ensure the safety of all pupils, staff, and visitors, the following changes will be in place throughout the construction period. Please see attached map below too:

- The gate at the side of Nursery will be closed for the duration of the works.
- Access to Year 1 and 2J will be via the main playground gate only.
- 2F will enter through the normal door
- Both Reception classes will enter through the side gate currently used by class RH.
- Nursery will enter through the main playground, then through the small gate at the side of Year 1.
- KS2 entrance points are not affected.
- The KS1 trim trail will be out of use during this time.
- Kidszone will not be affected by the building work.
- EYFS outdoor provision will take place in the area at the side of Reception and the KS1 playground.
- The middle of the staff car park must be kept clear at all times to allow access for deliveries throughout the day.
- As always, Parents/Carers and pupils should refrain from walking across the staff carpark and use the pedestrian pathways on site at all times for safety reasons.
- Construction zones will be well partitioned with Harris fencing to prevent general access.

We understand that these changes may cause some inconvenience, and we appreciate your patience and cooperation as we work to improve our school facilities. The project is costing £102,000 and I am sure you will all agree that the short-term impact is worth the long-term benefit for our children.

Thank you for your continued support.

Mr Cooper
